

We have created everything we can balance - Anything Past or Present.

The Void represents 1,000 x every emotion of every individual in every thought. That is why there may be fear with the reflection of the Void. This energy is black & dense - it contains all the energy ever given by humans for different feelings & emotions.

#### Think about this:

If we were below sea level, how heavy or dense would it be? The lighter vibrations can not affect the lower vibrations.

Each emotion is a duality / polarity  
- FIND BALANCE +  
Of Duality

An event on earth, because of mass media, affects the entire collective consciousness

Are lost spirits / souls or pieces trapped in the energy of the past?

1. Is there a collective consciousness of every individual emotion?
2. So many feelings or energies given to everything - feelings of anger or love?
3. Is this where we come to learn about creation?

HOW MANY LEVELS OR EMOTIONS ARE THERE?  
ONE THOUSAND, ONE MILLION OR ONE BILLION?

Because of history, old feelings can cause an energy path to be created

{ The tremendous energy of emotions can make up storms or winds - Africa to the United States. }

Is this old energy taking the form of storms or winds?  
The world is made up of millions of emotions from the past & the present.

**GOD - CREATOR - SOURCE**  
Where Angels Live  
Where Our Higher Self Exists  
A Finer Light  
A Vibration We Cannot Feel  
The Lighter Vibrations

**WHAT DOES IT MEAN TO BE CONSCIOUS? TO START TO BECOME OPEN?  
- WHEN WE ARE "OPEN", WE BECOME EVEN MORE.**

Old Energy and Spirits - Souls are attracted to this lighter vibration.  
When a person starts to become One (the beginning - the first step) — All energy is attracted to Oneness

Big Cities hold a lot of sexual energy, people & groups.

Where 1 Billion Catholics are being controlled.

Lots of people live in big cities with all kinds of energy around them every day.

There has been a lot of hate & anger projected from other countries onto New York City & Washington D.C.

**EARTH IS A 4,000 MILE GRAVITY "WELL"  
- WHICH GETS DENSER AND HOLDS ENERGY**

How much pressure is there on our soul?

The emotion around religion & sadness

The energy around war & suffering

HATE - ANGER

The energy around 1 Billion Muslims and their place of birth

AIDS - SICKNESS  
LOSS - HUNGER  
ALONE

POVERTY - HUNGER

+  
Poles are Energy Shifts which cause electro-magnetic fields affecting the collective consciousness.

Some energy or emotions create a density or heaviness throughout the world.

— HOW MUCH OF OURSELF IS STUCK IN THE PAST - WHERE IT GETS KILLED OR LOST IN OUR EMOTIONS? - THESE BECOME PIECES OF OUR SPIRIT - SOUL STUCK IN THE OLD CREATIONS OF OUR PAST.

There are millions of bands of vibrations, each containing thousands of different emotions.

**HOW MANY PIECES OF OURSELVES ARE WE EXPERIENCING?**
